

Brownfields 2021 Job Training Grant Fact Sheet

Limitless Vistas, Inc., New Orleans, LA

EPA Brownfields Program

EPA's Brownfields Program empowers states, communities, and other stakeholders to work together to prevent, assess, safely clean up, and sustainably reuse brownfields. A brownfield site is real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. The Small Business Liability Relief and Brownfields Revitalization Act of 2002, as amended by the Brownfields Utilization, Investment and Local Development Act of 2018, was passed to help states and communities around the country clean up and revitalize brownfield sites. Under this law, EPA provides financial assistance to eligible applicants through five competitive grant programs: Multipurpose Grants, Assessment Grants, Revolving Loan Fund Grants, Cleanup Grants, and Environmental Workforce Development and Job Training Grants. Additionally, funding support is provided to state and tribal response programs through a separate mechanism.

Environmental Workforce Development and Job Training Grant funds are provided to nonprofit organizations and other eligible entities to recruit and train unemployed and underemployed residents from communities affected by environmental pollution, economic disinvestment, and brownfields and place them in environmental jobs. Since the program was created in 1998, EPA has funded 335 job training grants totaling over \$72 million through the Environmental Workforce Development and Job Training program. A total of 18,541 individuals have been trained and 13,751 individuals have been placed in full-time careers related to land remediation and environmental health and safety. The average starting wage for these jobs is more than \$14 an hour. This equates to a cumulative placement rate of approximately 74%.

Job Training Grant

\$200,000.00

EPA has selected Limitless Vistas, Inc., for an Environmental Workforce Development and Job Training grant. Limitless Vistas, Inc., plans to train 60 students and place at least 45 in environmental jobs. The training program includes 232 hours of instruction, including 40-Hour HAZWOPER, 8-Hour DOT HAZMAT, 10- or 30-Hour OSHA Outreach Safety Training, First Aid/CPR/AED and Bloodborne Pathogens, Introduction to Wastewater, Asbestos Inspector, Lead-Based Paint Inspector, Brownfields, Phase I and II Site Assessments, Emergency Preparedness, FEMA Incident Command System, Solid Waste Management and Remediation, Stormwater, and Underground Storage Tank Awareness. Students who complete the training will earn up to two state and four federal certifications. Limitless Vistas, Inc., is targeting dislocated, unemployed, underemployed, low income, minorities, returning citizens, and veterans from New Orleans. Key partners include the City of New Orleans, the Urban League of Louisiana, The Corps Network, the New Orleans Regional Planning Commission, the Louisiana Department of Environmental Quality, the Louisiana Brownfields Association, the Sewerage and Water Board of New Orleans, Leaaf Environmental, Neel-Schaffer, and Barnes, Ferland & Associates, Inc.
